## Background Check Policy

Dated 5.30.2022

**Purpose:** To establish Clarity Ministries policy for background checks, to enable Clarity Camp staff to satisfy screening and child protection objectives.

**Method:** Group leadership (whomever the church or group designates as leader and co-leaders) determine how each person within the group age 18 or older on the last day of Clarity Camp (June 24th, 2022) will satisfy the background check requirement.

**Policy:** All persons participating in Clarity Camp June 20-24, 2022, who will be age 18 or older before or during camp, must complete a background check process within 24 months, prior to being granted access to camp. The cut-off date for background check completion is June 13th, one week before camp begins. Exceptions to this due date may only be approved by the Executive Director, Jeff Dalrymple, or the Child Protection Coordinator, Jesse Maynor, in writing (email will suffice).

**Background checks must include the following elements:** National Criminal Database Search, National Sex Offender Registry Search, SSN Verification, and Address History Trace. Other checks may be completed at the discretion of the organization sending/bringing the adult to Clarity Camp, but are not required.

### Options for completion:
